Dedication

Cleo

Little drops of water, Little grains of sand
Make the mighty ocean and the pleasant land.
Thus the little minutes, Humble though they be,
Make the mighty ages of eternity.
The little things you have done for us we will
remember them for an eternity.

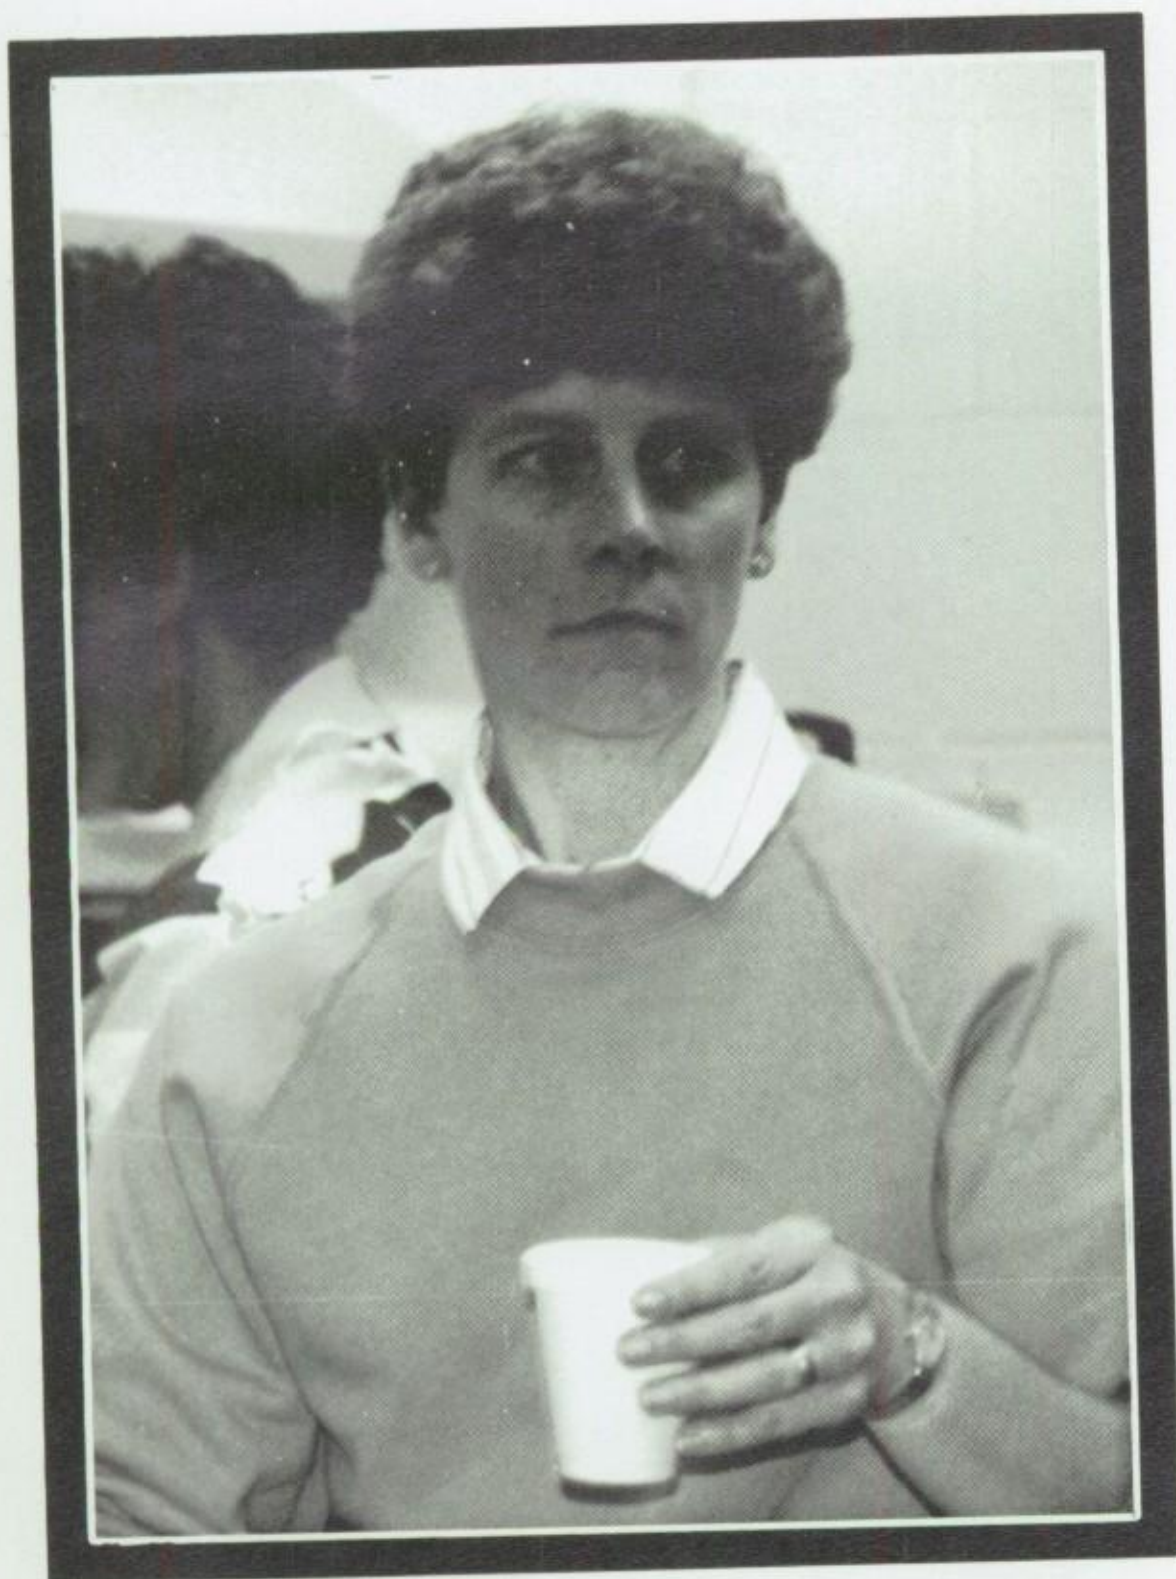

Thank You,
Annual Staff

Flowers

Faculty

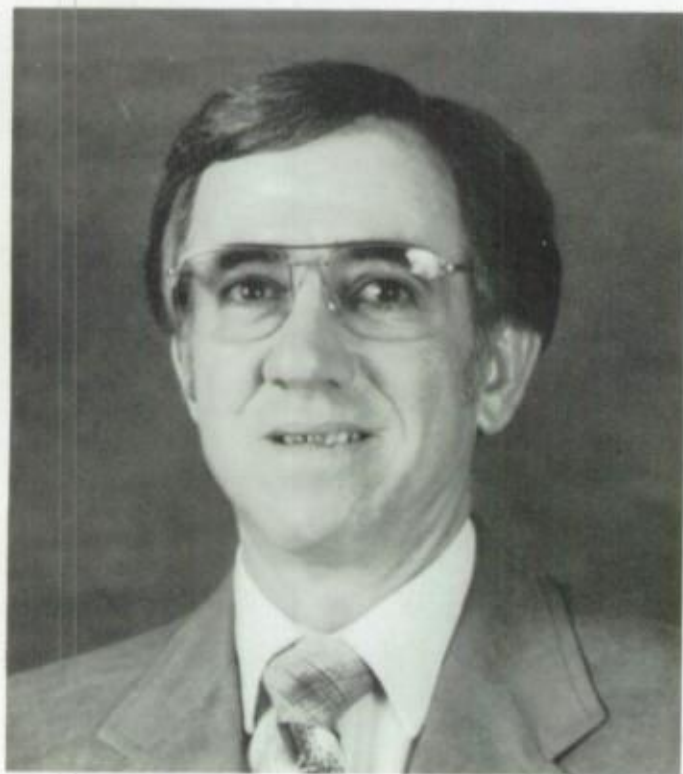

It has been said that the world's most valuable resource is its children. As we parents, teachers, and citizens have a tremendous responsibility to develop this resource to its maximum potential. Our students also have that same responsibility to develop that resource to its maximum potential.

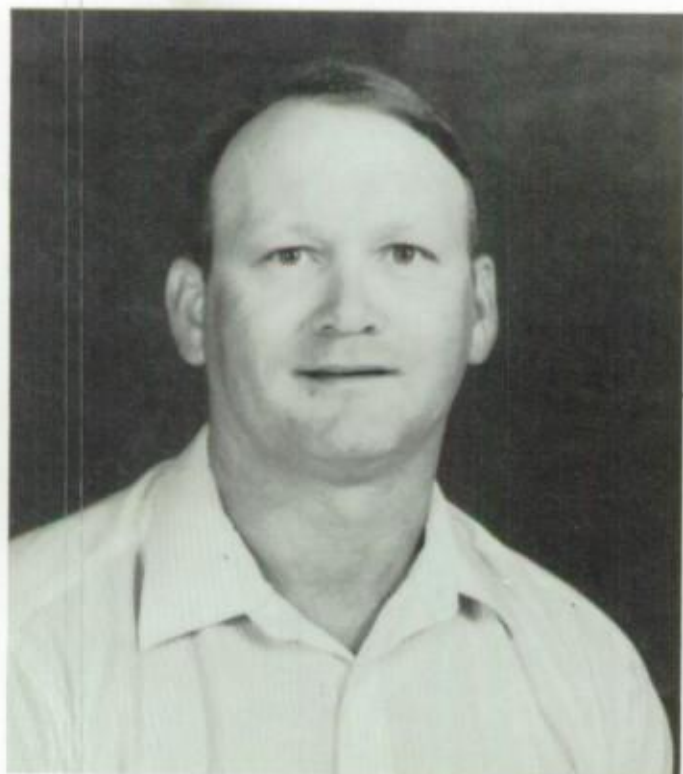

I believe that this potential is being reached by many as is evident in our student body. Congratulations Seniors of '87 and the best wishes as you go make your mark in our world.

Don Rhodes
Superintendent

Seniors: The past twelve years have probably seemed long to you. You have faced only a fraction of the hardships of life. Think through your problems of life, keep your beliefs and faith in yourselves.

Don Lee
Elementary Principal

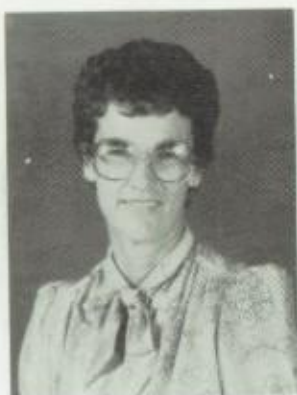

I would like to take this opportunity to congratulate the annual staff and the seniors of '87 for a great year. I would like to challenge all of the students at May High School to do their very best while in school. Look at education as an adventure and an investment in your future. Don't settle for second best, strive to achieve all that you can while you have the opportunity. Best wishes to the Seniors of '87.
